Treatment Court Treatment Provider

Prepared especially for

Name & Position

Thank you for joining our statewide problem solving court initiative and agreeing to invest your professional expertise as part of a local multidisciplinary team. To help you understand your role and prepare you for the greatest engagement possible, we have created a list of recommended training topics for you to complete as your schedule permits. The primary training sessions are listed in the first section below and we encourage you to complete these within sixty (60) days of joining the team.

If problem solving courts are new to you, you can view this 3 minute video introduction to the drug court model created by the San Bernardino, CA probation department via this link:

DIRECTIONS: Go to www.treatmentcourts.org and register if you have not ever done so. Click on the Adult Drug Courts icon (example at left). This will take you to a course index. Click on *Adult Drug Court: Lessons*. More than twenty different topics will be offered. All training is located at treatmentcourts.org unless specified.

As you complete the various training topics, you will be required to complete a quiz. Once you have passed the quiz, you will receive a certificate, which will need to be signed, dated, and sent to your local program coordinator. The coordinator will document completion on the master training log.
